

## Deputy Fiscal Integrity & Analyst Officer

Wings CRS is seeking resumes for an experienced Chief Fiscal Integrity & Analyst Officer to join in this uniquely aggressive, life-saving global start up.

While we love candidates with experience, we really love ATTITUDE more! Attitude empowered with empathy, securely within the heart of a servant-leader who is strongly intuitive, a confident self-starter, an out-of-the-box thinker, a supportive team player, and a capable problem solver, not a problem creator. Our ideal candidate possesses exceptional communication skills, loves people no matter what race, religion, or ethnicity, and is unafraid to tackle any task, or to travel to the four corners of the earth to do a purpose that is greater than themselves, and above all, is deeply passionate and committed to saving lives.

**Department:** Executive Operations – Fiscal Oversight Division

**Reports To:** Chief Fiscal Integrity & A.I. Analytics Officer (CFIAAO)

**Supervises:** Audit Support Staff, Data Review Analysts

**Location:** Global / Remote + On-Site Visits as Required

**Employment Type:** Full-Time, Executive Support

### POSITION SUMMARY:

The Deputy Fiscal Integrity & Analytics Officer (DFIAO) serves as the right hand to the CFIAAO, ensuring that all financial operations—driven by A.I.-powered systems—remain accountable, accurate, and aligned with the Wings CRS mission. This role bridges operational realities with fiscal strategy, overseeing real-time alerts, managing data validation, coordinating audits, and ensuring every line item reinforces organizational integrity.

This is not a traditional assistant position—this is a command-ready executive analyst tasked with defending against fiscal drift, promoting transparent reporting, and upholding the highest standards of accountability and operational intelligence.

### MISSION FIT:

The DFIAO is more than a deputy—they are a **sentinel of integrity**, ensuring that fiscal operations remain bulletproof, mission-ready, and future-resilient. They help anchor Wings CRS's financial credibility in every deployment, development, and disaster response operation.

## **KEY OBJECTIVES:**

- Monitor daily financial alerts and escalate anomalies or budget deviations to the CFIAO for rapid intervention.
  - Ensure validation of A.I.-generated financial data across key workflows including receivables, procurement, inventory, and deliverables.
  - Coordinate all internal and third-party audit logistics, including scheduling, documentation, and report delivery.
  - Draft financial dashboards, integrity scorecards, and scenario-based summaries for executive review.
  - Manage and supervise financial analysts responsible for routine reconciliation, confirmation, and data cleansing operations.
  - Support the CFIAO in performance testing, threshold calibration, and continuous improvement of all A.I.-based fiscal tools.
  - Serve as fiscal liaison to department leaders for inquiries, confirmations, or cross-checks tied to compliance or reporting.
  - Champion a culture of integrity, fiscal stewardship, and zero-waste execution in line with Wings CRS humanitarian values.
- 

## **QUALIFICATIONS & COMPETENCIES:**

- Bachelor's degree in Finance, Accounting, Data Science, or a related field (Master's preferred).
- Minimum 7 years of experience in financial operations, with at least 2 years in an A.I.-supported environment or analytics-heavy role.
- Deep understanding of automated budgeting systems, audit processes, and real-time financial data oversight.
- High proficiency in Excel, Power BI, and/or other financial visualization platforms.
- Strong organizational and leadership skills with a sharp eye for anomalies, inefficiencies, and cost risk.
- Demonstrated commitment to ethical financial practices and mission-driven operations.

**Hiring locations:**

Boerne, Texas
